Save the Date

July 11 to July 16, 2020

To everything there is a season...

*The Summer Institute 'dawned' in 1984
and the sun will set on
the final TSI in 2020*

This last gathering will follow the rhythm and spirit of those that have gone before. It will be an opportunity to gather, to explore what it means to

**Build
a Bigger We
Together,**

to make new connections, to stretch and to renew each other.

Building a Bigger We

INCLUSION.COM

We retire numbers & skates' in hockey, but not the game. In that spirit, we are retiring the TSI 'jersey'. Inclusion Press continues on. We remain committed to advancing:

**•Inclusion •Community
•Diversity•**

Our support for people on their inclusion journeys remains unaltered. We will host conversations to discover new ways people can grow their spirits with local and regional initiatives, emerging from powerful allies who have journeyed with us over the decades.
